

Year 2 Power of We Tasks for the Summer Term

**Our Sustainable Development
Goal this year is:**

This term, as part of the Power of We, it is over to you to make a positive difference linked to our sustainable development goal!

Here are some ideas of things that you can do to get involved:

- Design and make a gender neutral t-shirt that boys and girls can both wear
- Make sure everyone in your house helps equally (including you!) – maybe you could do a jobs rota!
- Create a poem about equality
- Make up a game with rules and make sure everyone is treated fairly.
- Write a speech about why it is important to be equal and fair
- Create a new game and right the rules for how it can be played fairly.
- Create a fact file about someone who is a good role model for equality e.g. Emmeline Pankhurst.
- Research a book that goes against stereotypes and make a book suggestion for Mrs Hunter.
- Help others if you think they are not being treated equally and fairly
- Create and write your very own story with a character to helps people to be treated fairly and equally

Please speak to adult at home before doing any of the ideas to make sure you are safe.

When you have completed one of the tasks, ask your parent or carer to email a photo of you completing the task to year2@barnehurstfederation.co.uk and be ready to talk to your teacher and/or class about what you did!

You've got the POWER!
